

International Baccalaureate Lab

Overview:

Immerse yourself in this groundbreaking VR experience that brings the abstract concepts of mass and volume to life. Gain a deeper understanding of these properties through hands-on exploration, virtual experimentation, and interactive learning. Prepare to become a skilled scientist adept at measuring and analyzing mass and volume in the virtual laboratory of discovery.

How to Find the Experience

Once logged in on the VXRLabs homepage, navigate to the "Subjects" tab, select the "International Baccalaureate" option from the left-side menu, then select the "IB Chemistry" option, then select the "Mass and Volume" option
