

### Auditorium, Student Lounge, Balcony, Space Station Laboratory

#### Overview:

Experience Meeting Spaces in VXRLabs. A series of state-of-the-art VR environments where digital collaboration comes to life, equipped with a 2D screen for multimedia presentations. This immersive platform not only replicates the dynamics of "face-to-face" interactions but also integrates with VXR Nexus, our learning management system, allowing you to effortlessly upload and engage with your own media content within these virtual realms.

#### How to Find the Experience

Once logged in on the VXRLabs homepage, navigate to the "Subjects" tab, select the "Meeting Spaces" option from the left-side menu, then select the area you'd like to visit!

#### Gameplay Instructions

To upload your own media to present within these spaces, please visit your VXRLabs User Instructions.
